FAIRNESS FOR VETERANS

(Mr. FILNER asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. FILNER. Mr. Speaker, colleagues I rise today in support of the action taken earlier today by Vice President AL GORE on behalf of our Nation's vet-

erans. The Vice President has announced that the administration will seek an additional \$1 billion fully paid for to ensure our Nation can continue to provide quality and timely health care for our veterans.

America's veterans and many Members of Congress have been speaking out loudly in the past months for an increase in the veterans budget for fiscal year 2000. I am pleased and proud that the administration has heard our call.

The Vice President's action is a vital step toward keeping the promise that was made to our veterans when they joined the Armed Forces and made their promise to serve their country. We will begin to meet the long-term care needs of our aging veterans. We will begin to lower the waiting times for our medical appointments that veterans have to endure now.

Mr. Speaker, after years of flat line budgets, this action is sorely needed. I salute this move taken by the Vice President this morning.

SPECIAL ORDERS

The SPEAKER pro tempore. Under the Speaker's announced policy of January 6, 1999, and under a previous order of the House, the following Members will be recognized for 5 minutes each.

HARD TIMES

The SPEAKER pro tempore. Under a previous order of the House, the gentleman from Kansas (Mr. MORAN) is recognized for 5 minutes.

Mr. MORAN of Kansas. Mr. Speaker, last Thursday I spoke on this House floor about the crisis facing farmers and ranchers. This evening, I continue my efforts to inform my colleagues about the seriousness of the issues and the need to act now.

Last week, I introduced with some of my colleagues legislation that takes an important step to help producers make it through this period of extremely low prices. I encourage my colleagues to support H.R. 2568, the Market Loss Assistance Act of 1999. This straightforward bill provides producers an immediate shot in the arm. Under this bill, producers would receive an additional payment equal to 75 percent of their current farm payment. While this is only one part of a solution to help producers, it is an important part, and it provides immediate assistance. We need to assure our farmers that relief is on its way. Let us begin the debate on disaster assistance now.

Part of the problem is the loss of exports. In 1996, agricultural exports hit a record of \$59.9 billion, and since then, agricultural exports have fallen substantially. This year, exports are predicted to be \$49 billion for a loss of over 18 percent since 1996, just 3 years ago.

Not surprisingly, as exports have fallen, so has net farm income. Since
